Dear Sir/ Madam,

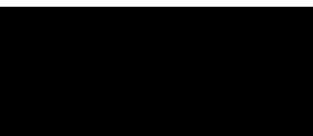

Re: Helter Skelter at Butlins, Bognor Regis

In January this year we were alerted by Cian Cronin to a potential planning issue with a Helter Skelter that was under construction on our clients site at Butlins, Bognor Regis. Our client was investing in their existing fairground and was not aware of planning restrictions that would be relevant to the Helter Skelter, which is a temporary ride hired in for the Summer season. Although PWP were not involved specifically on this project we are now dealing with this matter in order to facilitate a smooth resolution.

We have since corresponded with the enforcement officer, Damian Sullivan and have provided information to Arun by email as requested. On the 20th March Mr Sullivan informed us that a planning application would be needed and asked that the application be made within 28 days (by 17th April 2013).

In response to this, please find enclosed a cheque for the planning application ref: PP-02563377 submitted to Arun DC via the planning portal.

Yours faithfully
pp PWP Architects
