We anticipate the submission will be £ 462.00, should this not be the case please inform us by return. Our clients payment to follow. We note this is a reduced fee arising from the club status as a sports facility.

The proposals are for a single storey pitch roof side extension for new shower room and toilets, the ridge height will be approximately 4.6m subservient to the main roof level. The flat roof rear extension is set 3.0m from the west boundary. The existing garage will be replaced with 2No 2.4 x 15m metal storage containers on a concrete slab with access ramps.

The scale and volume is in keeping with the setting and compliments the scale and massing of the existing and adjacent buildings, the extensions will be subservient form no higher than the existing ridge lines and will not detract from the character or affect the amenity of neighbouring property and will achieve high quality in design.

Please contact us if you require further information or have any queries.

Yours sincerely
