Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: BR/94/22/HH
Site Address: 38 Bassett Road Bognor Regis PO21 2JH
Description of works: Roof extension to create 2 additional annex including the installation of 4 x dormers and balcony and alterations to fenestration/openings.

Thank you for your internet representation made on 6th June 2022 which has been recorded as an objection with the comments as follows:

OWPC47949

1. The second storey of the 3 annexes will block a large amount of light. They will also overlook our bathroom which is on the ground floor opposite them.
2. If these plans go ahead it will contribute to an increase in the over development of an area that is already over developed by effectively creating 5 dwellings where there is currently only the one. More dwellings will inevitably lead to more vehicles.
3. Road safety is already being compromised in this road. Vans and cars are regularly parked on the corner where Bassett Road joins Victoria Road. This makes it impossible to see if anything is coming along Victoria Road meaning you often have to 'creep and peep' in order to pull out. Whereas entering Bassett Road from Victoria Road often means that you have to swing very wide risking the possibility of hitting any vehicle coming in the other direction. Further to the traffic flow problems stated residents regularly suffer from aggressive motorists blocking/partially blocking the dropped curbs. Both residential and council.
4. Although the current plan states that it will only be for family members I do not believe that will be the case a couple of years down the line. The design is such that it would take very little effort to make them separate saleable dwellings which I believe to be the longer term plan for this site.

Your views as made above will be considered before the application is determined.
