Good Morning,

I am a resident down Bassett road and I am emailing with regards to photos the applicant has submitted for the above planning application.

I feel he has taken these photos at a time which doesn't represent the parking situation.

It's worse in the evenings and at weekends and he knows this.

He has recently had a car drive into his front wall as it was unable to make the turn of the road!

Please find attached photos taken on Friday evening 16th June and the morning of the 17th.

This is a more realistic representation of the parking situation and this is at a good time. It can usually be a lot worse.

Thank you for your time in reading this.

Kind Regards

Lauren Hall

Office Manager
