Dear Mr Roberts,

Ref: B/2/11 102, The Splash, Wepham

This is a variation on the application B/10/10 approved conditionally in July. As stated in my letter then it is a small semi-detached cottage and the ground floor extension would improve the accommodation without affecting the neighbouring houses.

The proposed summerhouse is not large, and also would not affect the neighbouring houses.

Please approve this application

I enclose the planning documents.

Yours sincerely,
