Planning Department,

Ref B/33/10/ & B/34/10/CA Ilex CottageBurpham

Dear Mr Roberts,

Ilex Cottage is poorly constructed with thin walls. The proposed replacement cottage will be thatched like the existing cottage and fully insulated. It will be sited a little further back from the road to protect the two lovely trees at the front of the site. The neighbouring properties will not be affected.

Please approve this application. I enclose the planning documents.

Yours faithfully,

Philip White
(Chairman, Burpham Parish Meeting)
