Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

The regularisation of operating hours 24hrs a day, 7 days per week at Units J1, J2, U1 and Z, new extension covering the existing courtyard area and new acoustic metal cladding to the southern facade of the existing workshop at Unit J1 and J2; new demountable wall adjacent to the existing fence surrounding the guillotine enclosure at Unit U1. This application also lies within the parish of Ford.

Unit J1, J2, U1 & Z, Rudford Industrial Estate Ford Road Ford

Thank you for your internet representation made on 5th June 2018 which has been recorded as '**an objection**' with the comments as follows:

There is already constant noise sometimes from 6:00 a.m. which is already in breach of their current restrictions

The sound travels easily in prevailing winds and is often louder

This is supposed to be a light industrial estate we already have large lorries travelling at great spread along the Ford and yapton roads this will increase

The industrial estate is surrounded by residential properties and the noise levels will cause further erosion of any quiet periods

Impact on people's general health and well being if there is no respite in noise and activity at night

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting.
