**Subject:** FW: P1497 - Rudford Hours of Operation

Hi Juan,

Following our chat this morning regarding working hours, please could we request the following:

|                                        |                                                         |
|----------------------------------------|---------------------------------------------------------|
| Working hours for the guillotine       | 8:00 – 18:00 Monday – Saturday                          |
| Welding operations / process           | 00:00 – 00:00 Monday – Friday<br>00:00 – 18:00 Saturday |
| Working hours for all other operations | 8:00 – 21:00 Monday – Friday<br>8:00 – 18:00 Saturday   |

Our clients are happy to accept the limiting of the guillotine process until 6pm as discussed. However our clients do require some leeway in the evening between shifts for other operations and request therefore the hours of operation (under 'all other operations') to be included as set out above. We trust you can agree to these timings which we consider to be suitable for this type of use within its industrial setting.

Indeed it would be reasonable to allow for a cut off of the more general industrial uses of 10pm on residential amenity grounds. In our view 9pm is a reasonable compromise and would allow the applicant flexibility in running its business. We believe these timings would also provide clear parameters for local residents.

I trust this is clear and acceptable and will be included within the update sheet to be issued prior to committee.

Please can you let me know your views on the suggested hours of operation prior to committee? I look forward to hearing from you.

Kind Regards

**Sam Sykes MRTPI**

Associate Planner
