Dear Ms Gardner,

I have posted five yellow notices as agreed [photos attached].

I do appreciate your cooperation with this one.

With thanks and regards

Dear Ms Gardner,

I appreciate that, and please have an officer post them through my door tomorrow. My  
[REDACTED]

Posted by Thursday, and photos of them on street furniture to follow.

Thank you very much.

With regards

Dear Mr Neathercote,

I can make 5 Notices available to you for posting. If you could photograph the signs once posted and send them to me, to confirm their positions, for our records that would be helpful. They would need to be located on street furniture and posted by Thursday this week.

Please let me know when you would like to collect the Notices. Alternatively an officer could post them through your letter box tomorrow.

Regards

Anita Gardner

Dear Ms Gardner,

Thank you for replying to me.

This is how we the local residents understand this planning application. Arun District Council are trying to enforce a 'regularisation order' on Austin Divall. This is as a result of the numerous noise nuisance complaints from local residents over many years against this company and against them operating extremely noisy machinery out of normal working hours. As an example, Chris Davis in Environmental Health has only just resolved the issue of Austin Divall's broken winch, after us suffering the unnecessary noise of this at all hours for many months.

In return for 'regularising' their working hours, Arun District Council seem to be selling local residents down the line, by agreeing with Austin Divall a completely useless set of noise reduction methods which we know will make absolutely no difference at all. We will then be left with a worse situation than we have now, with Austin Divall having had Arun District Council 'legitimise' them working around the clock and with them continuing to make a quite unacceptable amount of noise for local residents, but now with impunity. If we are missing something here, please enlighten us.

I think that you will find that this is why so many locals have objected to this planning application, especially as it seems now that you yourself as the case officer have struck a cosy deal with Austin Divall to (in your own words) 'in order for them to achieve a favourable outcome to their planning application'. As a result of this, we

absolutely insist that if this planning application is approved by you that it goes before the Committee and that the local residents are given the opportunity to air their concerns.

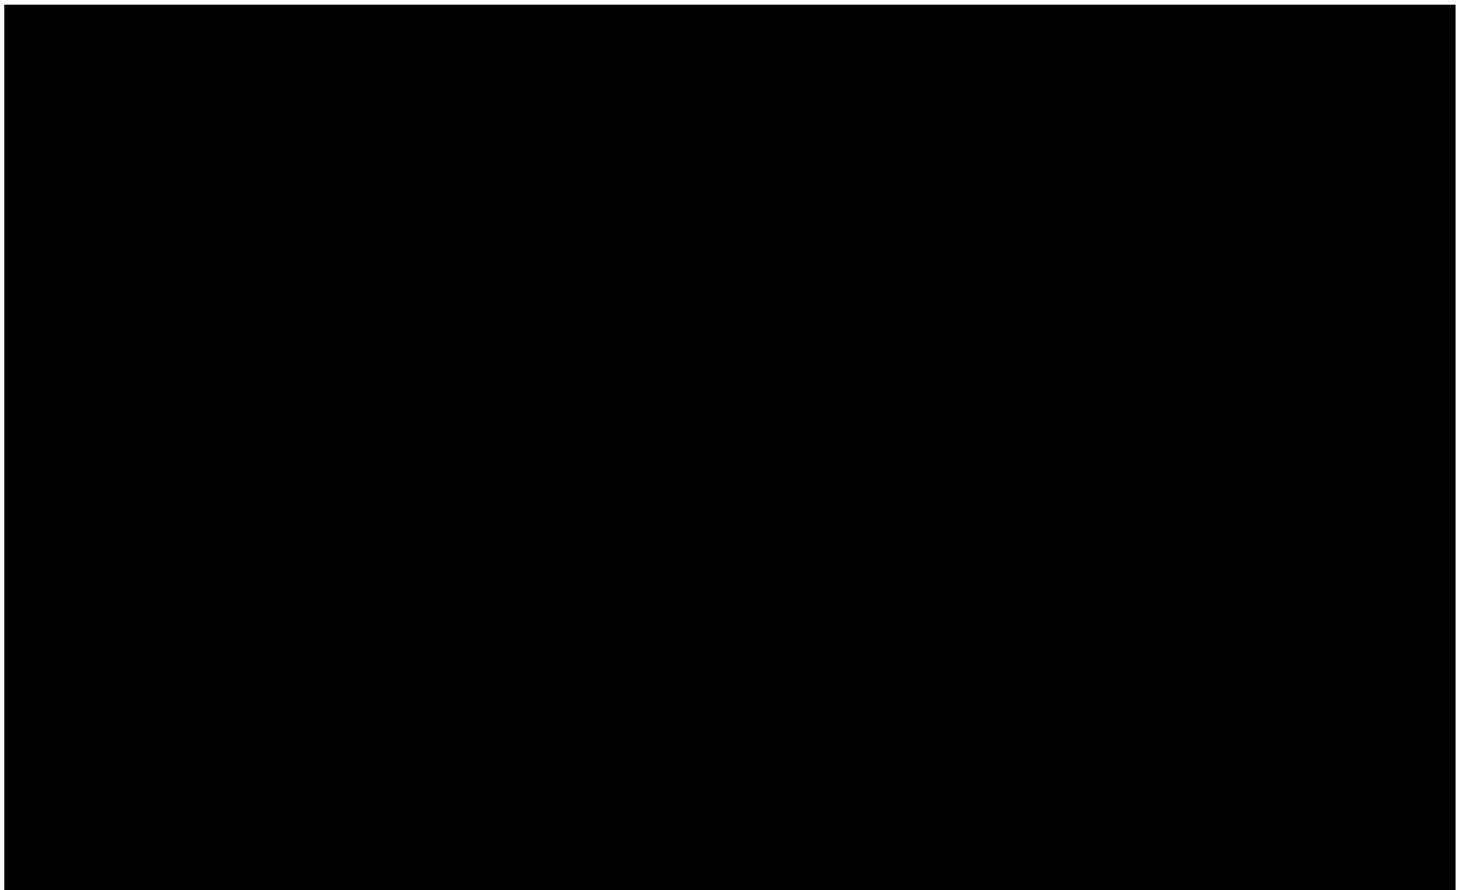

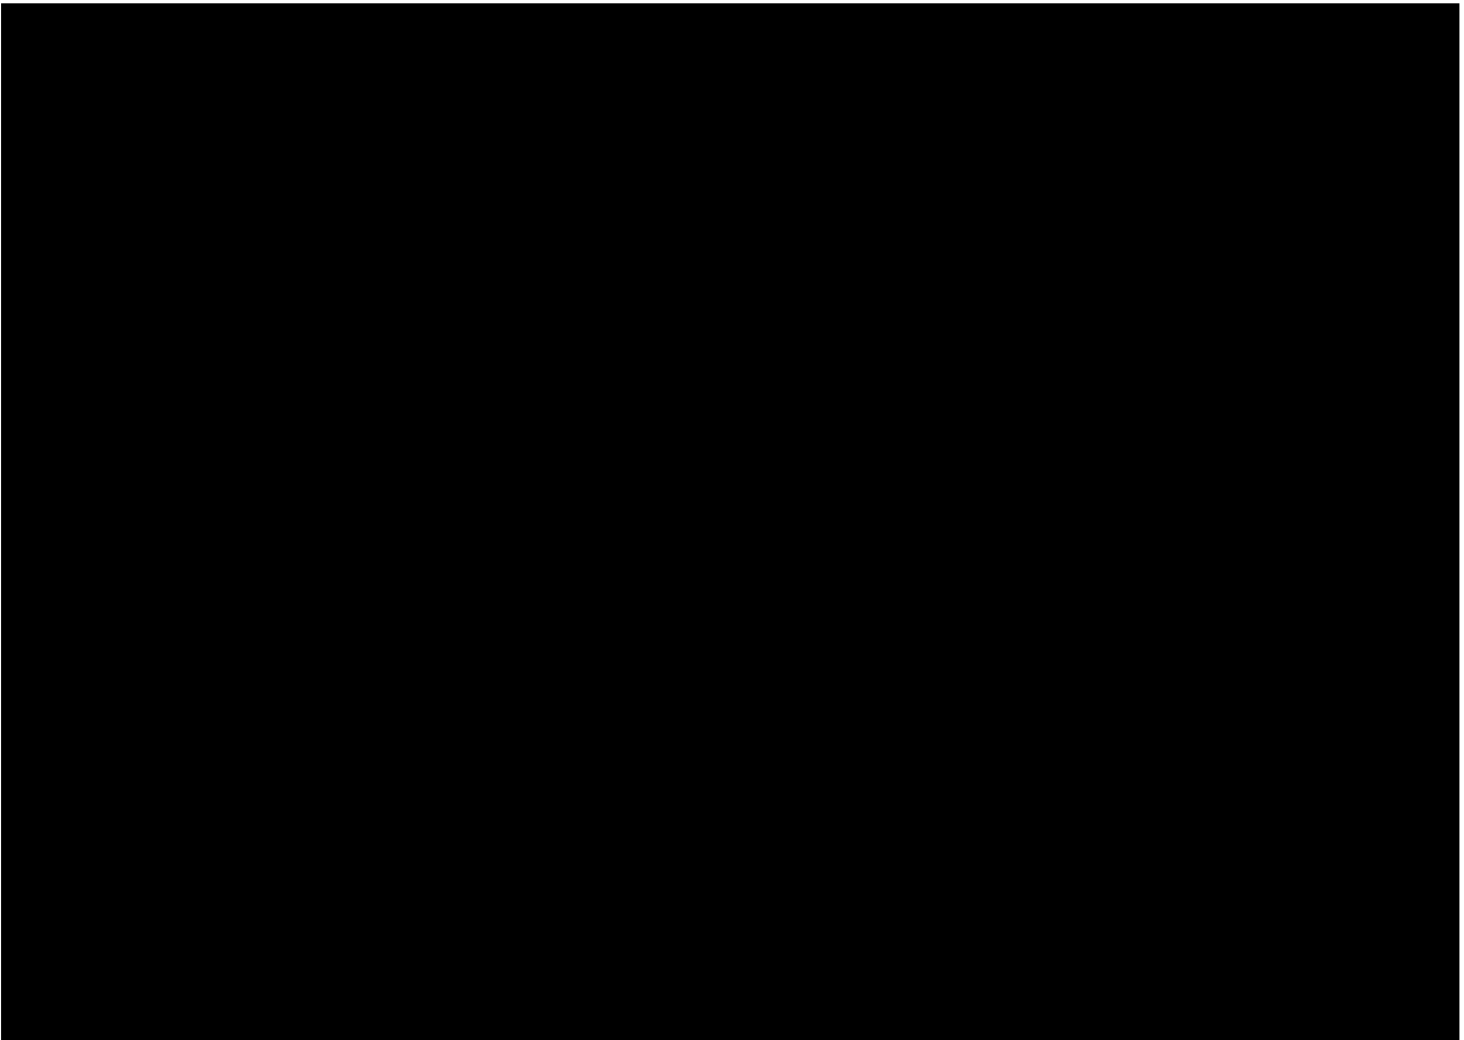

In the meanwhile, please make 5 yellow notices available to me and I will be happy to post them in the local residential areas for you. At the moment these yellow notices are conspicuous by their absence. They must be shown close to Horsemere Green Lane, Croptorne Drive, Waterford Gardens, May Close, Apple Tree Walk and Wooldridge Walk, as these are the residential areas that will be worst affected by noise if Austin Divall are allowed to operate 24 hours a day.

I don't chose to get involved with planning, but it is being forced on me and my fellow residents by a seemingly endless stream of planning applications that threaten the environment in which we live. We feel as though we are under siege here in Climping, and as an ex-British Airborne soldier, I know only one way to break a siege and that is to come out fighting. I never anticipated this being the case when I moved with my wife to a 'quiet rural location' on the south coast some years ago.

With regards

Hamish Neathercoat
