Land to West of Church Lane South of Horsemere Green Lane Clymping

Thank you for your internet representation made on 6th June 2018 which has been recorded as '**an objection**' with the comments as follows:

here would be a high impact on the already over-loaded local road network. The capacity of which will not be improved simply by the advent of a new roundabout. Whilst it might improve traffic flow on the roundabout, does nothing to address the capacity issue of the A259 or Church Lane. This proposal does nothing to promote sustainable transport as required by item 34 of the NPPF. Insufficient consideration has been given to the impact of proposed changes to alleviate traffic congestion on the A27 in the Arundel area in as much as these will effect subsidiary roads between there and the A259.

5.

At time of writing there is no up to date and adopted local plan in place, therefore there should not be a presumption in favour of this proposal. The application is therefore premature.

6.

This proposal is suggesting a massive over-development of the village. In fact it would almost double its size. When coupled with other proposed developments on the West Bank and other housing allocations within adjoining parishes (e.g. Ford: 1500 homes) Clymping and other villages, as settlements, would coalesce, forming an extended suburb of Littlehampton.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control

Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully
