Philip,

The LPA agrees to hold the current outline planning application (CM/13/18/OUT) for Climping in abeyance and accepts the extension of time (EoT) to determine the application until **30th November 2018**.

I also agree with you that the meeting arranged with WSCC for 16th October be cancelled.

Regards,

Michael

Michael,

I have now received instructions.

We do not wish to withdraw the application before the period that the appeal decision is vulnerable to Judicial Review has expired. This will be sometime in November. However once that has expired without challenge we would be in a position to withdraw the application.

In the circumstances I would be grateful if you would agree to hold the current application in abeyance and in anticipation of that please take this email as authority to extend the period for determination until **30th November 2018**.

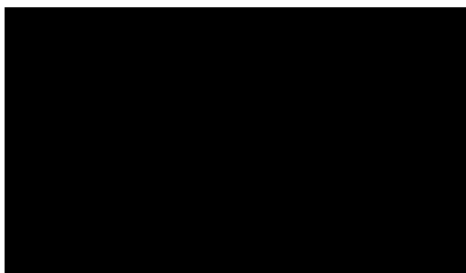

If you are agreeable to the abeyance route I would suggest we seek to minimise abortive time on the application and cancel the meeting arranged with WSCC for 16th October. As I requested the meeting I should formally be the one to cancel and on receipt of your agreement will contact all participants to cancel.

I look forward to hearing from you. Obviously should there be a JR challenge we will wish to consummate the current application but in the meantime a period of abeyance appears the sensible course.

Philip,

Following the inspector's decision to allow the first Climping application (CM/1/17/OUT), do you intend to withdraw the current outline planning application for Climping (CM/13/18/OUT)?

Regards,

Michael
