CM/13/19/RES

Dear Mrs Denton,

I write with reference to the above planning application. My previous objections still stand as nothing has changed regarding the infrastructure and wild life - owls - bats - hedgehogs to name a few.

I wish to add that having had sight of the plans - I fail to understand how you can describe the dwellings as bungalows when they are clearly houses! Bungalows have only one floor.

I am also extremely unhappy about the proposed road running along part of my boundary as it will only be approx! 9 feet from my bedroom.

I regard my security, as a

resident in my 80's, as paramount and would ask that if the road must be built it should be repositioned on the opposite side of the plot, running alongside the present access road. I can assure you I do not want traffic, i.e. Justin horries, Emergency vehicles etc passing so close to my home (the bedroom in particular)

I hope you will take my comments seriously and do all possible to accommodate them.

Yours Sincerely
