Subject: FW: Planning Consultation on: CM/16/19/PL

Dear Anita

Variation of conditions imposed under CM/1/19/PL relating to conditions 2- plans condition relating to external appearance & 3-amendment of wording to remove reference to acoustic metal cladding to south elevation.

I can confirm that I am happy for the condition to be varied providing condition 8 of CM/12/18/PL remains in force as this will ensure that any changes made do not effect the overall acoustic performance of the building and that this performance is verified by an acoustic an consultant when the scheme is completed.

Should you have any queries please let me know.

Kind regards

Anna Appleton
