Please scan as an EOT confirmation and treat the comparative elevation and floor plans as substitutes for those submitted earlier this week. Don't process the site plan changes yet I have requested further information in relation to this plan.

Hello Anita,

Of course, the extension of time is fine, thank you.

Please also find attached the site plan with dimensions from the plot 8 as requested yesterday as well as further plans and elevations of plot 8 detailing the differences between the approved and the proposed. This includes an extract from our construction section drawing showing the height of the sill of the rooflights facing the neighbours as 1837mm.

I trust that assists in your purpose and look forward to hearing the changes are acceptable.

Many thanks

Colin
