Subject: objection to planning application CM/16/21/PL

I am writing to you to object the planning application CM/16/21/PL the bald kitchen drive thru and fast food outlet which is to be based at maidenhead aquatics, Crookthorne lane , Climping , BN17 5SN

strongly object for many reasons, the traffic will be horrendous and the A259 is already a busy road with large tail backs in rush hour as it is.

The type of building that is being proposed is out of character with the rest of the village.

the type of people that this will attract will not be good for the area, this was a problem when the bald builders had the mobile kitchen in the car park at the same venue, there were always loud crowds hanging around the wagon , smoking and shouting and quite honestly being stupid and immature.

you only need to visit the bald builders Facebook page to see the types that this will attract.

they have many videos up recently of them selves over at the site intended doing stupid things like blowing up coke bottles using lighter fluid!

they started work on the area before any planning went in.

i should like to point out that there are also videos of them selves insulating the container that they are going to use as the kitchen for the fast food outlet, and this is being insulated with loft insulation , is this fire proof?

there is only 1 planning notice been put up and this is not in easy access for the public to read as it is on a fence away from the entrance and has a big bush in front of it.

they all seem pretty certain that the planning is going to be successful judging by the amount of work that has already been done at the site, also there will be a negative impact on the maidenhead aquatic shop that is there as there is many family's that visit with there children and the people that will be hanging around will put family's off.

also there is a new garden centre due to open at the site on monday the 24th may which will mean even more traffic going to and from the site.

there are also no toilet facilities in there application which means that everone will be using 1 toilet that is situated in the maidenhead aquatics shop, i ask myself and you that in the current pandemic that we are in is this even viable.

Mrs Ledger
