Dear Neil,

Trust you are well?

Just a quick update to see where you are with this application and if there is anything we need to do this end to help support the application process.

I have attached a waste management proposal from The Bald Kitchen for your attention.

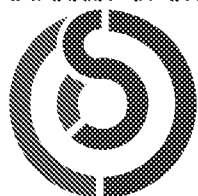

In regard to the additional noise and traffic, I don't believe that this cafe will have an adverse effect. The road is busy with vans and lorries due to the number of industrial sites already in existence. I believe the traffic report had no issues and that the size of the car parking can indeed cater for the aquatic centre as well as a small unit. Currently the Aquatic centre does not sell food so for them to have an outside area and food available, may well help.

It should also be noted that a person who has strongly objected has verbally abused the Bald Builders/Kitchen on site who are clearing it and putting fencing up. These guys are working / helping the aquatic centre and so I can confirm that no work has been undertaken on the installation of the cafe.

Kind Regards
