

Waste Management Plan

Business	The Bald Kitchen
Location	Maidenhead Aquatics Littlehampton West Sussex BN17 5SN
Contact Name: Telephone/Email:	
Waste Removal Method	We will have x1 Commercial sized bin for all waste to be disposed of in which we will be collected once a week every week. We will position x4 waste bins within our outside seating area. We will position x4 waste bins within our allocated car park area. We will have a dedicated employee each day to do a litter pick of the surrounding area every hour to prevent any litter being dropped outside of the allocated bins. Waste Oil will be collected once a month using supplied bins via the waste oil company. Food waste will be placed in dedicated bins to reduce tied up and placed in our commercial bin away from any potential rodents.
Recycling	We will be using recyclable packaging as much as we can within the premises and reduce our use of plastic.
