Dear Mr Crowther/Planning

I have written previously in favour of this cafe and location.

My view has not changed and it has strengthened due to the negative and prejudice of a small minority.

There is a ye old saying of never judge a book by it's cover and to read objections based on someone's appearance is such a shame. To read words used like "**Those type of people**" was shocking as we live in a society where there is no place for any such prejudice based on someone's name or appearance.

It is also a shame that people who are looking down on working people feel it is ok to verbally attack, swear and almost run one of these gentleman down and yet feel it is acceptable to use prejudice language and write of others when their own actions are that of a yob.

████████████████████ and enjoy days out and for my own safety and that of the current government guidelines outdoor seating area serving beverages/food is very much welcome. Hands, Face, Space and Fresh Air.

Looking forward to my first sandwich and hot chocolate after vising the Aquarian.

Kindest Regards
