Subject: RE: Planning Consultation on: CM/16/22/DOC

Dear Obafemi,

I have followed up on Laura Gibbon's last consultation on CM/72/21/DOC. The only outstanding point that I can see relates to the Controflow flow control with orifice. Please can the applicant provide the previously requested data, assuming that this can be provided and is appropriate for this design then I will be happy to discharge the condition.

Former point 11: Please provide Controflow data to evidence orifice size and level are suitable.

Many thanks
