---

Thank you for your internet representation made on 2nd February 2017 which has been recorded as **'an objection'** with the comments as follows:

> *I object to the above planning application on the grounds of lack of infrastructure to support this development by the way of Schools, Primary in particular, Doctors GP Practictioners Surgeries,rosd and highways overloading already and just one larger roundabout will not solve the congestion or lessen the impact of the new Bognor relief road (A259)there have been 2 fatalities at the Oystercatcher junction which remains unimproved plus the extra traffic to Horsemere Green lane which floods now and is due to have road humps that WSCC have still not carried out the work for .furthermore the land which is proposed floods regularly during October to March Swans and Deer live here at that time who is thinking of them . the quality of life is gradually eroding and this development brings and adds nothing to the community but delivers profit for already wealthy landowners I have always found Arun D C TO HAVE THE WELL BEING OF THE LOCAL RESIDENTS BEST INTERESTS AT THE HEART OF THEIR DECISIONS . ON THESE GROUNDS ABOVE I OBJECT.*

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most

are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Karl Roberts
