Thank you for your internet representation made on 15th February 2017 which has been recorded as **'an objection'** with the comments as follows:

I object for the following reasons:-
1. The sheer size of the development will almost double the size of the village, it is a completely disproportionate size of application for the size of the area/village.
2. The A259 barely moves in the morning between the oyster catcher and the Tesco roundabout with the sheer amount of traffic . It wil add issues to the Comet corner problem which is currently having money spent on it but not having the appropriate amendments made - this development would make it worse. More 'rat runs' will appear through the other villages like Yapton and Barnham wher people try to beat the traffic.

3. The schools as confirmed by the WSCC in their email in documents are not able to accept any more children and are overflowing from other recent developments
4. There are no extra local jobs for these 'extra' people so they will have to travel and add to the traffic jams.

5. This development is contrary to the neighbourhood plan.

6. Doctors surgeries are already under strain an extra 300 - 1000 people would stretch beyond limits.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for

public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Karl Roberts
