Dear Sir/Madam,

regarding the above planning application, this application must be refused. We object most strongly to the extra strain 300 homes will put on the infrastructure. At times the A259 is subject to queues now without more local traffic. This application would change the nature and character of the village. Surely in these uncertain times we should be protecting farmland of any quality let alone Grade 1 land. We hope this application will be refused.

Yours Faithfully
