Morning Claire,

In order to allocate the library contributions towards a Tier 7 on site, we would need to have confirmation that a community building will definitely be going ahead and whether there would be space for a library facility within it. We would also need to know who the community building would be managed by and whether they will be willing to coordinate with WSCC Libraries. In the case that a community building does not go ahead, we would need to allocate the library contribution towards Littlehampton.

The fire scheme can be updated to 'new technological equipment such as fire lances and thermal imaging cameras to serve the parish of Climping' – is this more suitable?

Kind regards

Eloise
