Subject: 300 Houses in Clymping

Dear Councillor

Re: Planning Application No CM/1/17/OUT

I would like to urge you to vote against the approval of a planning application to build 300 houses in Clymping.

There are many reasons to reject this application. I show below my main concerns.

1. This is prime agricultural land
2. The road infrastructure is gradually being overwhelmed with no confirmed proposals for improvement.
3. Clymping is a rural village and this will more than double the number of houses.
4. Local education capacity is not available for more children at the local school.

Please do not approve this application.

Thank you

Richard Wood-Roe,
The Laurels,
Horsemere Green Lane,
Clymping.
