Subject: CM/1/17OUT

Dear Councillor

Re: Planning Application CM/1/17OUT

I've been reflecting on the journey of this application from the original prestigious presentation at Bailiffscourt to where we are at now. There are many reasons why I would hope that you vote against this application:

The increase in traffic, which is already a problem and will be even worse after the enormous development planned for Ford happens. There is not enough capacity in the schools and doctors surgeries. It would completely change the rural status of the village which is quite unique along this part of the coast.

I realise there is a need for more housing in the area but this is a green field site and I feel the application is only for commercial gain. There are plenty of Brown Field sites around why not build on them first. Also, with us coming out of the EU will we not want to grow more of our own crops so why give up valuable prime agricultural land.
