Dear Anita

Unit J1, J2 and Z Rudford Industrial Estate Ford Road Ford BN18 0BF - Variation of condition 10 imposed under CM/12/18/PL relating to hours for all other operations to be from 07:00 in line with operating hours for other units within the Industrial Estate.

Thank you for consulting Environmental Health regarding this application to vary the second part of condition 10 of CM/12/18/PL which relates to the hours of use associated with units J1, J2 and Z (excluding the welding operations).

I note that the applicant wishes to change the starting time at the beginning of the day to allow for operation to take place from 07.00 hours instead of 08.00 hours. As set out in previous responses from EH we are satisfied that the measures within the acoustic report which accompanied CM/12/18/PL will provide an improvement in noise levels from the site and the implementation of these measures has been conditioned within the approval of that application.

As a result EH have no objection to the proposed change to the start time of 07.00 hours for other operations on the site as set out within this application.

Kind regards

Anna Appleton
