Officer name:

Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

Mrs Headley-Smith advised that as works were not being carried on at the site, then permitted development rights under the Town & Country Planning GPDO 2015, Schedule 2 Part 4 'Temporary buildings and uses' did not apply.
Therefore it was advised that this applies - Schedule 2 Part 2 'Minor Operations' Class A – gates, fence, walls etc:
A.1.(d) - The erection, construction, maintenance, improvement or alteration of a gate, fence, wall or other means of enclosure is NOT permitted if it would involve development within the curtilage of, or to a gate, fence, wall or other means of enclosure surrounding a listed building.
It was further advised that "in the interests of moving forward with securing the site, that a plan of the proposed location of the fence be submitted to the case officer dealing with the pre-app for comment. It is of course open to you to submit application for a Certificate of Lawfulness for determination."
Since that email, the applicant has commenced operations on site. Although these are localised in terms of repairs which the Conservation Officer is well aware of and despite having emailed Mrs Headley-Smith to advise her of this position - no response was received. On 11 June 2018, a contractor visited the offices and was advised by Mrs Headley-Smith that planning permission was required but no action would be taken if an application was submitted.
The applicant therefore considers that and despite works ongoing, he is being erroneously forced to apply for planning permission.
