8-7-20

Dear Sir/Madam,

we are writing to register our objections to planning application CM/20/20/PH on the grounds of increased noise, increased traffic. We have a bad enough job getting onto the A259 now, any increase in traffic will only make the situation worse. Once Gases and drainage are constructed this land will be difficult to revert back to a strictly agricultural use and it will eventually lead to more permanent structures in the future. Clymping is in the 'Clymping Gap', therefore there should be no building of new houses ad hoc, which is what this development will lead to.

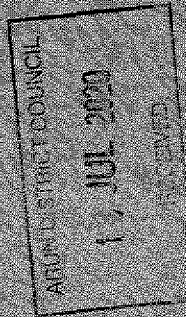

How long would these mobile homes be occupied, they will be a lot less reliant on the weather than tents. We do not need this development. Yours Sincerely
D Golds + C E Golds
