Dear Sir/Madam

I would like to register my objections to the above planning application. There are many alternative sites in the area, and the increased volume in traffic would be an unwelcome addition with so many applications being proposed. The road is obviously not suitable for large vehicles, has no walk way and is in constant use by many pedestrians and cyclists.

The site currently has no amenities to cater for this application and for these to be put in place would cause more environmental damage to an already sensitive area. There seems to be constant applications put forward in the Climping Gap and more protection should be applied in saving the last remaining green spaces along the south coast.

Regards

Bola Akinola
