Dear Madam,

I am writing to object to the above application which appears to be a cynical attempt to use Covid-19 as an excuse to allow caravan/motor home parking in what would normally be considered an unsuitable location, clearly visible a few metres south of the A259 in the Climping Gap.

The notion that it will be hidden by planting and trees is fanciful, and you must know that this is a first step in trying to establish yet another unattractive site of tightly packed permanent "mobile"/chalet homes. These really ruin the look of Climping.

In addition, I fully endorse the points made by the Climping Parish Council (copy attached), and would urge you to reconsider your proposed decision to grant approval.

I have to say, that I am surprised that this decision has been openly advertised before all comments have been received.

Yours truly

Philip Wagner
