Subject: Objection to planning application CM/21/19/PL

Dear Sir,

I am writing to object to the above mentioned planning application.

I consider that infilling with buildings on this piece of land is yet another application that is destroying the rural nature of our village and is solely for profit.

No consideration has been given to the destruction of habitats of local wildlife let alone increasing the problems relating to adequate local infrastructure.

If this application is given permission it is likely to start an avalanche of other infill proposals for profit alone by people in the area who have large gardens and will increase the problems that this existing small community is already beginning to experience.

The considerations of the existing residents of Clymping are being continually ignored and it is likely that this small village will eventually be swallowed up by the never ending rush for profits by developers and land owners.

Please put an end to this by refusing planning permission.

Michael Keen
