Kents Barn
Brookpit Lane
Climping
BN175QT

Dear Sir / Madam

I am writing with reference to an application with
reference CM/24/18/PL

I wish to object to this recent application to create 4 two
bedroom dwellings

Within the site of Kents Yard Brookpit Lane Climping as
I am aware of the
plot involved and am concerned that it is not adequate in
size

To provide enough space for the number of parking
spaces required .

There would be little space for turning within the yard .

The property adjacent, Kents Farm, is listed and has an
adjoining wall and
an increase from two dwellings to four would not be in
keeping with

The character of the existing house or indeed with the
size and proportions
Of other houses in this location.

I believe there is also an issue of wildlife being affected
by the development

As there are bats and also an owl nesting here .

I hope this may be taken in to account when considering
this application.

Yours sincerely
