Dear Mrs Gardner

Thank you for your mail, and for your speedy request for photos. I have asked Gary Love to send me site photos which I will forward to you. The bunds have been largely made immediately after the disastrous flooding in February 2020, in order to get the most vulnerable areas planted during the bare-root planting season which ended in March,

so the majority of the excavated spoil has already been used to make the bunds. Most of the bare-root whips have taken, and are protected with rabbit spiral guards.

Regards

Jonathan

Dear Mr Bell,

I have received your application today and am writing to request photographs from within the site. At the current time, we are trying to limit site visits to external view and notice posting. I have visited the site previously and have some photographs of the pond, but it would be helpful to have an up to date record . I would also appreciate confirmation which could be evidenced with photos as to how far the provision of bunds has progressed on site and where excavated spoil is being stored. I would appreciate receipt within the next 2 weeks.

Regards

Anita Gardner
