Subject: CM/27/20/DOC - objection

Dear Ms Gardner

I have so far objected to this proposal twice via the website, however my objections have not been published, I understand that I'm not alone in not having my objections shared, the PC and many of my neighbours in Appletree

Walk and Horsemere Green Lane have also added their objections to the planning application, however none are viewable on the site:

My objections are:

The length of working hours requested is not acceptable, especially during a pandemic when many residents are working from home, the noise, dust and disruption will be very difficult to manage for those working from home. Hours should be restricted to the working week, limited to 7:00 – 17:00, with no weekend and definitely no bank holiday working.

Delivery times should also be limited to these times, last week a delivery of large machinery happened during the early hours (4am!)

Parking should not be allowed on Horsemere Green Lane, in Appletree Walk or any of the surrounding roads, these roads are too narrow for parking of construction vehicles, parking should be made available on the building site to limit the impact on local residents.

Regards

Julie
