A schedule of Site Monitoring/Supervision visits and Reporting Procedures prepared by an Arboricultural Expert will be required and their extent will be agreed on at the site meeting to the satisfaction of the Planning Authority's Tree Officer.

Reason: To comply with BS5837 and to ensure that retained trees are afforded due respect and appropriate levels of protection such that their ongoing health and vitality is not compromised, and they can continue to enhance the landscape and amenity of the area in accordance with policy ENV DM4

Decision:

Arun District Council have decided to **APPROVE details reserved by this condition**

This condition is discharged following the visit to the site on 3rd July 2020 by the Council's Arborist, Mr

Warwick.

The applicant Michael Hartnett (MJH Executive Homes Ltd) and project arboriculturist Louise Barker/Ecologist (Lizard Landscape and Design Ltd) were also in attendance. All areas of the site were walked where tree protection was to be installed:

-The majority of Tree Protective Fencing was seen to be correctly installed and in accordance with the approved Tree Protection Plan. A few minor omissions were observed. A plan was agreed on-site to make several refinements in good time. Those have been illustrated in Mr Hartnett's email of 15th July 2020.

-Â The few minor omissions observed at the time of inspection have been suitably addressed prior to commencement, such that the fencing is 'Fit for purpose'.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
