Hello,

The above application relates to submissions made in support of discharge of some conditions from planning consent reference C/32/20/PL. This comment referenced condition 6 (Electric charging spaces), which fall within the scope of Environmental Health.

I have now reviewed the information submitted, and it doesn't appear as if the supporting information has been provided. Accordingly, discharge of condition 6 is not supported.

If you have any queries, please do not hesitate to contact me.

Kind Regards

Chima Umunnakwe
