Dear Karen

Many thanks for calling me the other day and going through the issues. It was nice to speak again doesn't seem like a year already !

Attached is a revised location plan with an extended redline and a revised block plan with distances to the boundaries which I think gives better perspective as you were seeking. Also attached is a revised application form with Certificate B completed as the access drive is not owned by the Applicant.

I trust all is in order and hopefully you can make these two applications valid asap (hence me working on a Sunday !!)

Look forward to hearing from you.

Kind regards
