Dear Sir,

I would like this email to be considered as an objection even though I have left a comment on your website. I would like to enlarge on this.

I have walked this stretch of coastline, the Clymping Gap, and enjoyed the rich wildlife habitat for 50 years. It is a rare place, with its adjacent dunes and Nature Reserve and needs special protection from further building.

The refurbishment of the Mill House and adjacent buildings, if done in a sensitive and appropriate manner to fit in the rural landscape, I have no objection to.

However I strongly object to any additional building here and totally reject the plan for a floating Pond - house which would be absolutely out of keeping with the local character of the area.

I would be grateful if you would consider my objection when making your decision.

Yours faithfully,

Mais Hards. (Mrs).
