MRS. P. BOLTON - 1. WOOLDRIDGE WALK CHIMLING BN17 5TE

RE:- CM/37/18/OUT

Planning Application for Hurstleoe Farm.

Dear Mrs Gardner.

I most strongly object to this application. Although there are fewer dwellings to this new Plan, it will still have a negative effect on the local area, with increased traffic for the already busy Horsemead Green lane.

My enjoyment of my garden with its now peaceful and colourful view (when the trees are in bloom) will no longer exist.

With the removal of the trees it will

Subject me to all the noise and dust associated with the building works not to mention the resultant noise levels that will be increased from the Rutherford Estate. This will also reduce my privacy and increase the risk to my Security.

I am also aware that a main sewer runs through the proposed site and this should not be built over.

Apart from monetary gain, there is nothing in this plan to benefit the area, only negative effects for the neighbours and the Village as a whole.

Yours sincerely
