Application No: CM/48/21/RES

Description of works: Approval of reserved matters following the grant of CM/1/17/OUT for the erection of 300 No dwellings & a building within use class E, together with public open space, LAPs, LEAP & ancillary works, including car parking & drainage arrangements, with access off Church Lane & Horsemere Green Lane. This application may affect the setting of listed buildings & is in CIL Zone 4 (HSP2) & is not CIL Liable.

Thank you for your internet representation made on 19th September 2021 which has been recorded as an objection with the comments as follows:

OWPC40514

The road network within the local network is extremely overloaded and very dangerous along Horsemere Green lane, the A259 and the Ford railway crossing which are all accident black spots adding more houses is a ridiculous move especially as there are far more suitable areas further a field. The said land has been proven to be home to various important wildlife species and is also a historical importance with the Roman artefacts that have recently been unearthed on the land in question. We have far too many ongoing building developments down Horsemere Green lane and the potential thousands of homes planned for Ford airfield which is going to have a detrimental effect on traffic especially down Horsemere Green lane and Yapton road. We are suppose to be saving our planet not destroying it with more housing and transport polluting the environment. But all this will full on deaf ears as ADC never listens to its residence who have to live and work in the area.
