Subject: RE: Planning Consultation on: CM/49/19/PL

App No: CM/49/19/PL

Address: The Black Horse Public House Climping Street Climping BN17 5RL

Proposal: Single storey extensions to east/south elevation, first floor extension to north elevation, new garden building & change in materials in carpark. This application affects the setting of a listed building.

Bats

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

We require that a bat brick is integrated into the building onsite facing south/south westerly positioned 3-5m above ground.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (with 24 hours of any work).

We would like a bird box to be installed on the extension / and or tree within the garden of the property.

Kind Regards

Liz
