Re Kents Farmhouse - Ref. CM/49/21/DOC

Thanks for your phone call earlier today to which I have contacted the owners and they have come back to me with the images that you requested which are:-

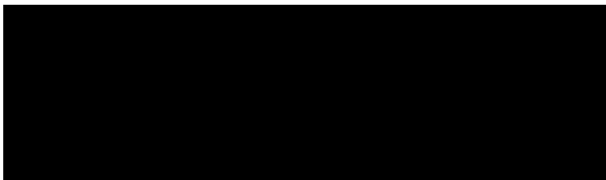

1. Stone coping with mouldings and a 50mm overhang (not shown on photo) sat on a matching stock brick that copies the brickwork fold elsewhere on the adjacent walls
2. Rectangular roof light to main area and a pyramid roof light in matching design to recess roof section.

Let me know that you have sufficient information to discharge the Conditions.

Regards

Michael Wilson
