Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Construction of a crematorium comprising of a crematorium building & associated structures, car parking, access & landscaped spaces. This application is a Departure from the Development Plan.

Land south of the A259 Grevatt's Lane Climping

Thank you for your internet representation made on 25th February 2019 which has been recorded as '**no objection**' with the comments as follows:

I would like as condition of planning to only allow low formaldehyde coffins. Formaldehyde is a respiratory irritant and carcinogen present in many MDF products. I would see no reason to allow high formaldehyde coffins to be used, when low formaldehyde alternatives are available. There are a number of people living near enough to the proposed site to be concerned about the levels of formaldehyde in the air. Especially those with airways disease.

further opportunity to comment at the appeal stage.

Yours faithfully
