Dear Mrs Gardner,

Please see the geotechnical report attached as requested. I thought this had been submitted, but apologies if not.

With regards to the pre-app, a formal response is no longer necessary given that the application has been lodged, but could we schedule a meeting either at your office on site to discuss the application instead? I know that it is still relatively early in the application process, but without having had a pre-app meeting it would be useful to have that initial discussion instead I think. If you are in agreement perhaps you could let me have some convenient dates?

Regards

Matt Holmes BA (Hons) MA MRTPI

Dear Mr Holmes,

I have received initial comments from the Environment Agency asking for sight of the 'Phase 1 and 2 Geoenvironmental Assessment referred to in the Planning, Design and Access Statement' (January 2019). We have checked our records and it doesn't seem as though this was submitted with the application so I would appreciate a copy within the next 7 days.

I also note that this application follows and effectively supersedes an outstanding pre application enquiry I therefore propose to withdraw this enquiry from our records unless I hear from you to the contrary by the end of the week.

Regards

Anita Gardner
