Planning Application No: CM/4/19/PL

Dear Mrs Gardner,

Thank you for your email dated 30th January 2019 regarding the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the Strategic Road Network (SRN), in this case, particularly the A27.

Having examined the above application, we are satisfied that the proposals will generate an acceptable change in traffic on the SRN. We therefore consider that the development will not materially affect the safety, reliability and / or operation of the SRN (the tests set out in DfT C2/13, particularly paras 9 & 10, and DCLG NPPF, particularly para 109), in this location and its vicinity. Therefore, please find attached our formal HEPR response of No Objection.

If you have any queries regarding this response, please contact us at
