8th May 2019

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Construction of a crematorium comprising of a crematorium building & associated structures, car parking, access & landscaped spaces. This application is a Departure from the Development Plan.

Land south of the A259 Grevatt's Lane Climping

Thank you for your internet representation made on 8th May 2019 which has been recorded as **'an objection'** with the comments as follows:

I read with interest the designers response to the issues raised by the Road Safety Audit.

Whilst this deals with traffic issues around the immediate area of the site it does not deal with the increase in overall traffic volume. Comet corner is already a death waiting to happen since the opening of the new Bognor Bypass - it is dangerous to attempt a right turn from Yapton to Middleton / Bognor , crossing the A 259. A lot of residents will now drive the less direct route to avoid that crossing (which increases environmental impact). Turning right by the Oystercatcher when travelling from Yapton is already a no-no (and has seen fatalities). I image that with an increase of traffic approaching the proposed creamatorium this would become more hazardous.

The only way I. Could support was if traffic lights or roundabouts were installed at both the oystercatcher junction AND comet corner to allow locals to exit the villages safely onto the A 259.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is

available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
