Re Application CM/4/19/12

Land South of the A259 Gravett's Lane Climping

Dear Sir/Madam

My wife and I wish to object to the above application on several grounds

- (1) It's not mentioned in the local plan and is on a green field site.
- (2) The amount of traffic increase that will be involved on an already extremely busy road (Queues on it daily) especially as some of it will be travelling very slowly.
- (3) The area of beach behind the proposed development is rapidly eroding therefore increasing the chance of flooding.

Finally we already have 2 Crematoriums in this part of West Sussex surely the need is around Midhurst or Petworth.

Yours sincerely
