Dear Mr Holmes,

I note that one plan referred to in the plans list is missing from our website. I would there appreciate receipt of drawing number 0507 'section through site'. I also note that County Highways have requested a condition referring to PROPOSED SITE ACCESS GENERAL ARRANGEMENT and numbered PROPOSED SITE ACCESS GENERAL ARRANGEMENT rev 5 and I would appreciate a copy of this plan so that it can be uploaded against the application separately.

Regards

Anita Gardner

Hi Anita, thanks for your email yesterday.

Please see the attached Site Access Assessment in response to your colleague's comments. We have also updated the site plan, relocating the entrance gates slightly to ensure that they are not on highways land, and a copy of that is also attached.

Although not requested by your colleague we have taken the opportunity to also show an alternative surfacing material for the overflow car park, and that is also shown on the attached amended site plan. The updated drawing register reflecting this change is shown below.

Dear Matt,
Please see the initial comments received from the highway officer today. Can you let me have the requested information as soon as possible?

Anita,

Thanks for forwarding on, I'll take a proper look at this tomorrow but at first glance an exception report is likely to be required over the speed limit issue and further design work required if the gates are on existing highway land.

One element of information requested and yet to be provided is junction modelling of the site access. Are you able to remind the applicant of this request.

Regards

Stephen

Please find attached RSA Designer's response. Accordingly, can I have your revised comments?

Thanks

Hi Anita,

Please see the attached highways report which includes the results of the Road Safety Audit together with a response from our consultant. The site plan has also been updated to address the comment in relation to the entrance to the overflow parking area and a revised copy of that is attached also. I trust that this will address the queries raised by your highways colleagues but if anything else is needed in this regard please let me know.

You asked me to provide a drawing schedule, and the latest version of that is as follows;

I left a message on your phone earlier today. We would be pleased to receive an update on the application when convenient, and confirmation that there are no outstanding matters awaiting our attention. Perhaps we could speak early next week to review? Thanks

Kind regards
