**Protected Species and Site Survey**

A Preliminary Ecological Appraisal (PEA) or similar, should be provided to inform the sites ecological baseline. This should include a desktop search of the Sussex Biodiversity Records Centre Data. The results should be used to inform the need for additional surveys for protected species/sites. All further species specific surveys must be submitted as part of the application

before the application can be validated. Further information on what is required and where to seek guidance can be found in the Validation Requirements List.

#### Biodiversity Enhancement Statement

Please submit a Biodiversity Enhancement Statement. This is a local validation requirement completely separate to the Biodiversity Net Gain requirements and as a minimum, it should state how the application seeks to protect and improve the existing on-site natural environment. Please refer to the validation requirements list for further information.

#### Tree Survey and Arboricultural Report

The application site contains trees or is adjacent to land which contains trees which may be affected by the development proposals. A tree survey and arboricultural statement is required in accordance with the Validation Requirements List.

For further detailed information on validation requirements please go to our website and refer to the requirements list for this type of application: <https://www.arun.gov.uk/making-a-planning-application>  
If you are unable to access the website, please contact this office so a copy can be sent to you.

Where the information requested above relates to a local validation requirement, you may request that the requirement is waived. The information requested should be reasonable having regard to the nature and scale of the proposed development and about a matter which it is reasonable to think would be a material consideration in determining the application. If you do not feel this is the case, you can serve a notice on the Council, specifying which particulars or evidence you do not consider meet this test of reasonableness. You must state which items you disagree with and set out the reasons why you hold the view, please quote the application reference in your letter or email. The Council will then consider your case and respond. It should be noted that there is no right to challenge the national requirements as these requirements are contained in planning legislation.

If providing additional documents or information, please email it to: [planning.responses@arun.gov.uk](mailto:planning.responses@arun.gov.uk) with a covering email clearly explaining what is being provided. Do not resubmit it via the planning portal as we receive all the original information plus any amended information and it is not clear what has changed. Please provide the above by **30th January 2025** or your application will be closed as incomplete and where a fee has been paid, I will retain £40.00 (or the entire fee, if less than £40.00) to cover the cost of administering the return. If you have difficulty meeting this deadline please contact the above officer to agree an extension to this time scale. Once the application has been closed, you will need to submit a fresh application if you still want to proceed.

Yours sincerely

**Neil Crowther**  
**Group Head of Planning**
