Subject: RE: Planning Consultation on: CM/53/20/PL

App No: CM/53/20/PL
Address: Land at Wren Cottage Horsemere Green Lane Climping BN17 5QZ
Proposal: Development of 2 No 2-bed & 2 No 3-bed detached dwellings & associated works. This site is in CIL Zone 3 and is CIL Liable as new dwellings.

Bats

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

We require that the trees which are currently onsite are retained and protected from harm. If these however need to be removed we require that these area replaced at a ratio of 2:1 to mitigate this.

Reptiles

To ensure the site remains unsuitable for reptiles, continued management of the site must take place to ensure reptile habitat does not develop onsite. If this is not possible then a precautionary approach should be taken within the site with regards to reptiles.

Hedgehogs

Any brush pile, compost and debris piles on site could provide shelter areas and hibernation potential for hedgehogs. These piles must be removed outside of the hibernation period mid-October to mid-March inclusive. The piles must undergo soft demolition. A hedgehog nesting box should be installed within the site to provide future nesting areas for hedgehogs.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

We would like a bird box to be installed on the building and / or tree within the garden of the property.

Policy ENV DM5

In line with Policy ENV DM5 of the Arun District Local Plan information on Biodiversity Net Gain needs to be provided as part of the planning application prior to determination. We are satisfied that the biodiversity enhancements recommended within the Ecological Enhancement Plan are suitable and should be incorporated into the landscaping scheme. A condition should be used to ensure this takes place.

Kind Regards

Liz

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. Off Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for off site infrastructure mitigation schemes. Therefore if this proposal triggers the need for off site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 28th January 2021 . You can also monitor the progress of this application through the Council web site:
